PROFILE

Full-Stack Developer with hands-on production experience building scalable web applications end-to-end. Proficient in Python/FastAPI on the backend and React/TypeScript on the frontend, with strong command of PostgreSQL, REST API design, and system integration. Prior client-facing leadership background brings product sense and cross-team communication skills to every sprint.

WORK EXPERIENCE

Full-Stack Developer 2025 – 2026
PH.Digital, Tel Aviv

- Designed and deployed end-to-end web applications using React (frontend) and Python/FastAPI (backend), owning the full stack from database schema to production API layer.
- Built and maintained a scalable production business platform on PostgreSQL: complex business logic, secure JWT authentication, and async background job scheduling.
- Integrated third-party REST APIs and external business systems, building automated workflows for document generation, client communication, and financial reporting.
- Delivered features consistently across Agile sprints, collaborating with frontend and product teams to ship high-quality solutions on schedule.

Sales Team Leader 2019 – 2025
Pcom Solutions, Tel Aviv

- Led a team of 3–4 representatives; managed pipeline, KPIs, and enterprise client relationships.
- Grew team revenue 30% YoY through structured processes and cross-functional coordination.

EDUCATION
