## PROFILE

Full-Stack Developer with hands-on experience building and shipping AI-powered applications end-to-end. Proficient in React, Node.js, Python/FastAPI, and PostgreSQL, with direct experience integrating LLM APIs (OpenAI, Anthropic) into production workflows. Combines engineering ownership with strong client-facing communication: comfortable taking a feature from idea to shipped product, and working directly with users to shape solutions.

## WORK EXPERIENCE

**Full-Stack Developer** 2025 – 2026  
PH.Digital, Tel Aviv

- Designed and shipped end-to-end web applications with **React** (frontend) and **Python/FastAPI** (backend), owning the full stack from database schema to deployed API.
- Built production workflows integrating **LLM APIs** and third-party REST services, automating document generation, client communication, and financial reporting pipelines.
- Implemented **PostgreSQL** data models, **JWT** authentication flows, and async background job scheduling for a live business platform.
- Delivered features in **Agile** sprints, collaborating directly with product stakeholders and iterating based on user feedback.

**Sales Team Leader** 2019 – 2025  
Pcom Solutions, Tel Aviv

- Led enterprise client relationships and managed a team of 3–4 representatives; grew team revenue **30% YoY**.
- Developed strong product communication skills working directly with B2B customers to understand and solve business problems.

## EDUCATION

**Full-Stack Development — John Bryce, Tel Aviv**  
990 hours, 2024 – 2025

- Built full-stack projects with **GenAI integrations**: OpenAI API, LLM pipelines, prompt engineering; applied Clean Code and SOLID principles.
- Covered **Python** (FastAPI, Flask, Django), **React**, **Node.js**, and DevOps workflows: Git, Docker, AWS EC2.

## SKILLS

|                 |                                                                |
|-----------------|----------------------------------------------------------------|
| Generative AI   | OpenAI API, Anthropic API, LLM integration, Prompt Engineering |
| Frontend        | React, TypeScript, JavaScript                                  |
| Backend         | Python (FastAPI, Flask), Node.js (Express), RESTful APIs       |
| Databases & SQL | PostgreSQL, MySQL, MongoDB, SQLAlchemy                         |
| Tools & Cloud   | Git, GitHub, Docker, Postman, AWS EC2                          |
